Hi guys,

Just wanted to say what a wonderful time I had surfing and networking with you all yesterday – I hope you are honing your surf skills today as well. My head was so full of ideas and I was so psyched that now all of my daughters want to save the world as well and become young global leaders...I included one picture with them in case you know any eligible young global leaders under 16 ...

██████, when is our Africa trip? – could you have your guys send me some numbers on tonnages available for immediate recovery? There is another waste project with scavengers in Mexico you might also like to hear about.

Kristin, would love to hear more about the Dutch giant who also builds green. Maybe you can do a documentary on green building?

Mette, I am coming to see you! With wife and kids when we check out Lovetann. The guy is called Espen Øksby, by the way. Website is <http://www.lovetann.net/>

Boris, I am still in awe that you can handle these four women singlehandedly. Please say hi to Sam from me.

I also included a pic of my house from the flight back and the brochure just in case any of you want to ever use it – it is a lot closer from Seattle than from London...

Hugs all around P
