Thank you!

Will read the rest of documents, and go through numbers.
Will call you tmr.

Re the other issue – I could leave SF on Thursday after my board meeting and go to FLL or Miami – because of time difference and flights I would be arriving late – around midnight. We could all have breakfast next morning – I think Mette leaves that day? What do you think?

if the fm investment doubles in three years. and thats, agressive, if these types of returns were ordinary, than
thats all larson should be doing what happens. , how is my interest calculated, can i decide when to sell,
when to value , , does it effect my other salary, ordinary income, makes little sense. , what if not public, , is it
only on distributions. , bill should not be allowed to take it away, right now, 10 million profit, 5 per cent per
year, three years, 1.5. off the top 30 % of the 8.5. left, s 2.55 ,million before tax. 1.25 after , so bill makes
7.5. and you take home 1,25. .. you should attempt to make it capital gains,? only for a fraud should it be
withheld.
